

On behalf of the military and civilian professionals of the Defense POW/MIA Accounting Agency, welcome to the DPAA Family Website (FamWeb) - a dynamic, centralized, on-line resource that is designed to provide family members of Department of Defense personnel missing from past conflicts with better communication tools and to raise public awareness and education.

The multi-faceted FamWeb platform utilizes the latest information technology to deliver updates and news about DPAA activities, missions, and identifications; information about Americans unaccounted for from past conflicts; and forms to register for future family member events. Here are some highlights of the new content and features you will find on FamWeb:

- Operations and battle narratives that provide a summary of some large military battles and operations for each conflict. With the Vietnam War content complete, and the Korean War and World War II narratives in-progress, this new information offers a view of an individual's loss circumstances in the larger context of operations taking place at the time of the loss incident.
- FamWeb links information from the Service Member Profiles Project with the relevant operations and battle narratives to provide more context and history for each loss incident. We strive to publish new loss profile narratives every day, so through these updates the history behind the brave Americans who dutifully served and sacrificed for this great nation is better available.
- Enhanced statistics and reporting tools are explained in more detail to help generate on-demand lists of individuals from your home state who are still missing or were recently accounted-for.
- Forms to ask a question, register for upcoming Family Member Updates, or order a POW/MIA Recognition Day Poster, are now easier to find than before.

We hope FamWeb provides you an improved forum and that information you want is better available. One of the main tenets of DPAA is transparency, so tracking DPAA missions and updates will be easier for to navigate. It is designed, first and foremost, for families whose loved one remains unaccounted-for from past conflicts. FamWeb also facilitates members of the public learning more and developing a connection with individuals who gave their lives in service of the United States of America.

Please share this site with others and also share feedback on making the site better.

A handwritten signature in black ink that reads "Kelly McKeague". The signature is fluid and cursive.
